Wall Street Takes

No Notice Strikes

(By The United Press.)

New York, July 1.—Early reports of the railroad strike were not sufficiently definite to give any indication as to the number of men obeying the strike order. Action of the stock market indicated that Wall Street was not agitating itself regarding the strike. Although attendance in brokerage houses and on the market floor was reduced because of the general migration to the country over the week end, there was a firm demand for stock, and the market showed strength in practically all issues. Ratification by President Obregon of the Mexican debt agreement did not have much effect on the oil-Mexican Petroleum, however, held during most of the session at around 17 1/2, a point above Friday's close, and 3 1/2 more than the low of that day.

A large short interest has been built up in certain oil stocks. This class of stocks has been under heavy pressure from the bear element, although there is nothing in the situation to warrant the severe breaks in such stocks as Standard Oil of California, Standard Oil of New Jersey, Standard Oil of Indiana, Sinclair and Texas Company. All the time these stocks were going down this week the ticker was printing conservative oil news.

Wheat led the market, with short covering boosting prices 1 1/2 to 2 1/2 cents. Continued reports of black rust and poor threshing returns in the southwest were the main factors in the advances.

Heavy export demand with reports of advances in the Liverpool market caused corn prices to advance fractionally.

Oats was higher, mostly in sympathy with the other markets.

BABE GETS NINTH.

PARADE IS BROKEN UP.

(By The United Press.)

Cleveland, Ohio, July 1.—Police squads dispersed a parade of 1,000 striking shop men here today as the strikers marched through the streets to a mass meeting.

When police first ordered the strikers to disperse they refused. Riot calls brought hundreds of police reserves and the parade was abandoned.

Maintenance Way Men At Columbus Quit Ahead Order

Columbus, O., July 1.—Six hundred maintenance of way employees of the Pennsylvania system, whose strike was ordered held up late yesterday by Chagoc officials of the union, today walked out in sympathy with the shop workers.

L. E. Sullivan, of the American Federation of Labor, said the strike was not authorized and that he was unable to explain it.

Railroad authorities declared they believed the maintenance of way strike was a signal for a general unauthorized strike of members of that union.

The strike was supposed to become effective Monday, according to arrangements made with the rail labor board yesterday.
